Financial optimisation
and transparency

We draw up precise quotations from sharp budget analyses. We ensure a 100% transparent use of your attendance allowances by sending regular financial reports.

Expertise, advice,
support and legal
constraint take over

Rely on a team specially assigned to the creation of tailor-made solutions. A dedicated project manager will assist you until the closing of the file.

The most effective platform
of logistics management
on the market

We rely on an exclusive attendee management Web platform. Modular, effective, and easy-to-use, this platform will enable the healthcare professionals to organise their business trips in a few clicks.

A deep knowledge
of the medical
communities

Armed with our prominent place in the medical training field, we are able to promote the grant implementation on the event you target, whether we organise it or not.
